TS Marketplace: Guterwagen Leig Einheit Add-On Full Crack [addons]

Download >>> http://bit.ly/2K09ERz

About This Content

The package includes the freight wagon Leig used for the transport of mixed cargo. End of the 1920s Deutsche Reichbahn started to use these wagons. The DB / DR and OeBB used these wagons until the 1970s.

Includes:

- 4 liveries for the wagons
- Passenger view
- 2 Paired vehicles
- End Plates / Lights
- Working Clocks

Stückgut Schnellverkehr

Great! 4 different liveries of leigs, different goods inside depending of livery ,different interior design that fits to its company. Recommend to buy on sale for very low price. Useful for different steam specials services.
